Summary

Senior Frontend Developer with 6+ years of experience architecting scalable web and mobile applications using React, Next.js, and React Native. Delivered high-impact e-commerce and agricultural apps, driving operational efficiency. Expert in leading teams, optimizing performance, and implementing agile workflows.

Skills

- **Frontend Development**: React, Next.js, React Native, TypeScript, Redux, VTEX, Sass, Tailwind CSS, HTML5, CSS3, Styled-Components, Storybook, Magento
- **Tools & Platforms**: GraphQL, AWS, Firebase, RevenueCat, WatermelonDB, Elasticsearch, Git/GitLab/GitHub, Figma, Jest
- **Methodologies & Practices**: Agile, Scrum, CI/CD, Test-Driven Development, Performance Optimization, API Integration

Experience

Independent Contractor, *Freelance Frontend Developer*   Oct 2024 – Present

- **PulseFit (Fitness App)**: Developed a fitness app with workout and nutrition tracking using React Native, AWS, and TypeScript, deployed on App Store/Play Store.
- **HudHudHub (E-commerce App, Qatar)**: Built a grocery app with e-commerce features using React Native, Firebase, and TypeScript, deployed regionally.

Akivna Technologies (CNHi, Makro Pro), *Remote – Software Developer*   Sep 2022 – Sep 2024

- Led e-commerce platform development using Next.js, TypeScript, and GraphQL, driving scalability.
- Self-taught Next.js in 2 days to contribute to a major e-commerce project.
- Developed a Bluetooth-based app using React Native, TypeScript, and WatermelonDB to stream and store tractor bale data offline, enabling real-time monitoring.
- Created a BLE simulator app with React Native to mimic tractor data streams, facilitating testing without hardware.

goHarness (Publicis Sapient), *Remote – Associate Experience Technology L2*   Oct 2021 – Sep 2022

- Developed e-commerce sites for 3 brands using React.js, VTEX, and Redux, accelerating transaction flows.
- Led 5+ proof-of-concepts with React and TypeScript, gaining client approvals.
- Built responsive UI from Figma designs using React and Sass for cross-device compatibility.
- Ensured code quality with Git/GitHub and Jest.

goHarness, *Chandigarh – Lead Mentor and Full-Stack Developer*   May 2019 – Sep 2021

- Led teams of 3–6 to deliver 5+ projects using React.js, React Native, and Magento, ensuring client satisfaction.
- Enabled efficient text-based search for 10,000+ records using Elasticsearch and Firebase.
- Developed responsive e-commerce platforms with Redux and Magento.
- Mentored developers with Agile workflows, enhancing team capabilities.

goHarness (Xceedance), *Gurugram – Lead Full-Stack Trainer*   Jan 2020 – Mar 2020; Jan 2021 – Mar 2021

- Led 2 full-stack bootcamps with React.js and Firebase, training 60+ employees.
- Designed hands-on capstone projects with TypeScript to reinforce full-stack skills.

Education

Bachelor of Computer Applications (BCA)   Expected Aug 2025

Chandigarh University, Chandigarh
